Appl. No. 10/821,720  
Amendment dated November 10, 2006  
Reply to Office Action mailed September 13, 2006

**REMARKS**

The Examiner objected to the amendments to the specification filed August 25, 2006 to the extent that "hoops" were added rather than "hooks". This objection is noted and correction is made by this amendment.

In a telephone conference on October 19, the Examiner explained to Applicant's attorney that a Terminal Disclaimer, previously filed, was in fact a part of the file and had been approved. Therefore the rejection based upon Double Patenting is overcome.

In view of the foregoing it is believed that all of the pending claims 97-102 and 123-132 in the case are allowable and it is respectfully requested that the case be passed to issue.

The Commissioner is authorized to charge any deficiencies in fees and credit any overpayment of fees to Deposit Account No. 50-2019. A duplicate page is enclosed.

Respectfully submitted,  
JACKSON & CO., LLP
